JE Dunn Construction selects Sec-Ops as their security guard services subcontractor providing the security of the Capitol Square Project in Cheyenne, Wyoming.

Corpus Christi, TEXAS—February 1st, 2016—Sec-Ops Inc. announced that they were awarded a subcontract by JE Dunn Construction to provide security services for the Capitol Square Project. The security guard contract commences on February 16th 2016 where Sec-Ops security forces will provide security services for the capitol square worksite and capitol building. JE Dunn stated Sec-Ops was highly recommended and based on their best value pricing, outstanding security officers and management team, proven performance record and operational security expertise for this important contract.

On July 20, 2015 the Oversight Group on Capitol Rehabilitation and Restoration approved a contract for MOCA Systems to act as the professional program manager during the pre-construction phase of the Capitol Square Project. MOCA will represent the Oversight Group in working with contractors, user groups and others involved with the project, as well as making sure that the work stays on schedule and within the current budget. JE Dunn Construction was selected in 2014 to serve as the construction manager. JE Dunn has worked on several state capitols building renovations - recently completing the \$330 million Kansas State Capitol renovation in January 2014, currently working on the \$205 million Minnesota State Capitol renovation, and kicking off construction on the \$187 million Oregon State Capitol renovation in 2015. Their industry knowledge is unsurpassed and Sec-Ops is very pleased to be a part of their team.

The Security mission encompasses safeguarding the construction assets, monitoring the heaters and blowers, fire watch, and securing the worksites from unauthorized entry. Sec-Ops was quoted; “We are honored to be selected by JE Dunn Construction to participate in this important project. We are proud to be working with the JE Dunn Construction Team. We take our mission very seriously; we are confident in our highly trained operations staff and security officers. Our assigned security staff and on-site security team has over 60 years of security operations experience to meet the security services requirements thus ensuring quality services for this important contract.” says Robert Lott – President, Sec-Ops, Inc.

About Sec-Ops, Inc.

Headquartered in Corpus Christi, Texas, Sec-Ops provides their select clients with facility and security services ranging from integrated security solutions designed for today’s IT environments, quality trained security personnel, and emergency management services.
