**State of Wyoming Department of Administration and Information for
Department of Workforce Services Disability Determination Services Selects
Sec-Ops Proposal For an IP based camera system providing the DDS Facility
Located In Cheyenne Wyoming a Quality Video Surveillance System to
protect their Assets**

Corpus Christi, TEXAS—August 15th, 2016—Sec-Ops Inc. announced that they were the apparent awardee of the contract bid on June 16th, 2016 by the Wyoming Department of Workforce Services, DDS to remove existing system and install an all IP based security video system. The DDS selected Sec-Ops based on their best value pricing, proven record, client references and technical approach for this important project.

The Sec-Ops team of experienced personnel will remove the existing system; install the new cameras, Server and new Video Management Platform (Milestone) to support the security mission of the DDS. Sec-Ops embraces the task of providing a real time monitoring capability of their facility. Our ESS personnel will be providing the DDS Staff with the training in order to meet all requirements in the installation of the video solution.

The project encompasses the removal and installation of a wide area video surveillance system that is capable of being monitored from multi-sites. Sec-Ops was quoted; “We are thrilled and honored to be selected by the DDS to facilitate this important project. We are proud to be working with the DDS Staff and we are confident that our experience and capability will ensure success for this important contract.” says Robert Lott - President, Sec-Ops, Inc.

About Sec-Ops, Inc.

Headquartered in Corpus Christi, Texas, Sec-Ops provides their select clients with facility and security services ranging from integrated security solutions designed for today’s IT environments, quality trained security personnel, and emergency management services.
