Wyoming Real Estate Commission Selects Sec-Ops Proposal for security systems design-install services for their office in Cheyenne Wyoming.

Corpus Christi, TEXAS—April 10th, 2017—Sec-Ops Inc. announced that they were awarded the State of Wyoming Real Estate Commission contract commencing in May of 2017. The Commission stated Sec-Ops was selected based on their best value pricing, proven performance record, and security technology expertise for this important contract.

The contract encompasses the installation an all IP based access control and video surveillance system. The Commission selected Sec-Ops based on their best value pricing, proven record, client references and technical design approach for this important project. The Sec-Ops team of experienced personnel will install the Isonas access control system fully integrated with the Milestone video management system. The install includes 4MP IP cameras, Milestone Video Management Platform and the integration of the Isonas Crystal Matrix software.

Sec-Ops was quoted; “We are thrilled and honored to be selected by the Wyoming Real Estate Commission to design the security system and protocols in this important project. We are proud to be working with the Real Estate Commission Executive Director and staff. We take our mission very seriously; we are confident that our technicians and operations staff will exceed the client’s expectations. Our licensed technology staff and operations team has over 60 years of security systems management experience to meet the security requirements thus ensuring success for this important contract.” says Robert Lott – President, Sec-Ops, Inc.

About Sec-Ops, Inc.

Headquartered in Corpus Christi, Texas, Sec-Ops provides their select clients with facility and security services ranging from integrated security solutions designed for today’s IT environments, quality trained security personnel, and emergency management services. Sec-Ops has a local office location in Cheyenne providing direct support of our statewide operations in Wyoming. The Sec-Ops team core principals include providing total security management solution that affords the customers a quality security profile enabling them to combat the ever-increasing threats posed to security, life safety and asset protection. With more than 12 years of total security industry experience, Sec-Ops has developed and implemented quality solutions far exceeding client standards while remaining in their budget.
